The screenshot shows the homepage of the Europlanet Science Congress 2020 (EPSC2020) website. The header features the logo 'EUROPLANET SCIENCE CONGRESS EPSC2020' on the left, the title 'Europlanet Science Congress 2020' in the center, and the location 'Palacio de Congresos de Granada | Granada, Spain' with the dates '27 September – 2 October 2020' below it. To the right is the 'euroPLANET SOCIETY' logo. A blue navigation bar at the top includes links for 'Home', 'Information ▾', and 'Call-for-sessions'. Below the navigation bar, a breadcrumb trail shows 'Home' and 'Aims & scope'. The main content area under 'Aims & scope' contains text about the congress's intention to cover planetary science and missions, and invites all planetary scientists to participate.

Aims & scope

The intention of the Europlanet Science Congress 2020 is to cover a broad area of science topics related to planetary science and planetary missions. The programme of the congress will contain oral and poster sessions, and it will emphasize workshops and panel discussions in order to have a strong interaction between the participants.

The Scientific Organizing Committee of the EPSC2020 invites all planetary scientists to participate in the congress, submit contributions to the topical sessions and share their research with colleagues and friends. We look forward to welcoming you in Granada, Spain.
